2018 – 2019

Who are we?

SotoTennis Academy (STA) is an International Tennis Academy based in Sotogrande, Costa del Sol, catering for players throughout their journey, from juniors until those on the professional tour. Tailored programmes are created at various levels of management, ranging from full time the player service to shorter term access options designed to suit each individual or group.

Training is provided Monday to Friday. Players receive 5–6 hours of tennis and Strength & Conditioning coaching per day, split into morning and afternoon sessions.

When can we come?

Throughout the off-peak season (September to June), we welcome competition-level groups of 4 players or more, travelling with their coach/club, to join us and complement their home programme. For more bespoke requirements, please get in touch at info@sototennis.com.
