INSPIRING EXCELLENCE

Full Time Player Information

2018 – 2019

Who are we?

SotoTennis Academy (STA) is an international Tennis Academy based in Sotogrande, Costa del Sol, catering for players throughout their journey, from juniors until those on the professional tour. Tailored programmes are created at various levels of management, ranging from full time the player service to shorter term access options designed to suit each individual.

What we do

We are tennis and much more. Our programmes develop tennis players in an environment that enables them to define and prepare for whatever path they want to take. We pride ourselves on the four pillars of our academy: Tennis, Sport Science, Academics and Lifestyle. We see tennis as the vehicle to our players' success, both on and off the court.

Our vision

We want to set the standards and be the benchmark for what people expect and demand from a tennis academy. There are only opportunities.

Our philosophy

We care about player welfare, player development and our players' pathway. We look after our players from day one, all the way through their journey.

Academics

For full-time players of secondary school age:

The ACES programme with Sotogrande International School (SIS)

The ACES programme provides structured days that allow time for both academics and tennis. SIS and STA work together to support our Student-Athletes, helping them to succeed on and off the court in their chosen pathway.

The programme is available for:

- Future ACES: 11 - 14 year-olds during M1 - M3 of the Middle Years Programme, who come to STA after the school day with the progression to coming out of school for some extra training sessions.
- Junior ACES: 14–15 year-olds, M4 - M5 of the Middle Years Programme (lessons end at 1.30pm each day) and
- Elite ACES: 16–18 year olds studying International A Levels (lessons start at 2pm each day).

With the help of Tennis Smart, ACES Student-Athletes are supported throughout the whole process of applying for university or college, from application and recruitment all the way through to arrival at university and even life after graduation.

Other

A few players choose to pursue local schooling or home schooling options independently. In these cases, we can work players' tennis schedules around their studies as necessary.

Registration

We invite suitable prospective full-time players for a trial at STA so that we can meet them and they can get a feel for the academy.

During the trial period, prospective players will have a meeting with a senior staff member to discuss the following:

- Performance planning
- STA culture/philosophy
- Academics
- BE KOOL
- Tournament process
- Additional questions

If you would like to pursue this option, please contact info@sototennis.com. We will then arrange the appropriate registration process.

In the meantime, if you have any further questions, please get in touch.
